CAREER PHILOSOPHY™

Build systems that outlast their creators. Lead teams that exceed their mandates. Learn faster than the technology changes.

EXECUTIVE PROFILE

Enterprise software engineer, enterprise solutions architect and senior technical project manager with more than three decades of multidisciplinary professional experience spanning mechanical engineering, enterprise software architecture, AI orchestration, ERP ecosystem design, digital transformation, responsible AI, Industry 4.0, corporate training, music production and large-scale systems integration.

Architect of b3Eq™ — a sovereign, modular enterprise operating system integrating ERP/CRM, AI agents, workflow automation, HRMS, PMO, fintech, logistics, and knowledge management across 12 interconnected enterprise domains. Author of 5,435+ production-grade n8n workflow JSONs, PHP/Dolibarr compliance modules, full-stack Nuxt 4 microservice platforms, Python/Docker data pipelines, and the CareerOS™ professional development framework. Designer of Ethos Intelligence™ — the enterprise responsible AI governance framework.

Continuously investing in professional development through 241+ certifications and completed courses spanning AI, cloud, software engineering, enterprise architecture, responsible AI, project management, cybersecurity, instructional design, music technology, and Industry 4.0 — across 18+ learning providers including LinkedIn Learning, Harvard Extension School, Wolfram Research, Microsoft, and PTI Nigeria.

Trilingual: English C2 (Native/Bilingual) · Spanish C1 (Professional) · Pidgin English C2 (Native) · Urhobo C2 (Native). Mexico City-based. Available immediately for senior engineering, architecture, project leadership, AI strategy, and consulting engagements — remote, hybrid, on-site, or relocating internationally.

FEATURED ENTERPRISE PLATFORMS & PRODUCTS

b3Eq™	Sovereign modular enterprise operating system spanning 12 interconnected domains: ERP/CRM, AI orchestration, workflow automation, HRMS, PMO, fintech, logistics, and knowledge management. Stack: PHP/Dolibarr, Nuxt 4, Python, Docker, n8n, PostgreSQL, Keycloak, Redis, and Traefik.
CareerOS™	Career Operating System — proprietary professional branding framework: structured CVs, role-specific editions, LinkedIn rewrite, evidence portfolio, and interview preparation. A sovereign career identity system.
Finverse™	Multi-entity, multi-currency financial operations ecosystem: invoice management, payroll, VAT/CIT tax, reconciliation, and operational finance — integrated within b3Eq's sovereign finance layer.
TaskBridge™	Bidirectional task and project synchronisation middleware connecting third-party platforms (Asana, Trello, GitHub Issues) with the internal b3Eq PMO. Handles conflict resolution, state propagation, and real-time sync.
Projects™	Native agile PMO module within b3Eq: full project lifecycle, Gantt, Kanban, Risk Register, EVM, stakeholder dashboards, Change Request workflows, and AI Copilot widget — built in PHP/Dolibarr.
Velo-Ingest™	Python/Docker REST data ingestion pipeline for velocity-grade enterprise data sourcing, transformation, normalisation, and multi-platform ERP integration with configurable connectors and schema mapping.
AI Workflow Library™	5,435+ production-grade n8n workflow JSONs: multi-agent AI orchestration, ERP automation, biSync/Lymphatic, document ingestion, task routing, DevOps alerting, and domain orchestration across 29+ enterprise categories.
Ethos Intelligence™	Enterprise responsible AI governance and behavioural intelligence layer: ethical AI framework, policy engine, decision audit system, bias monitoring, and organisation-wide AI governance controls. Aligned with Foundations of Responsible AI principles.
CongloPoliCon™	Conglomerate Policy & Contracts platform: enterprise policy lifecycle management, contract governance, regulatory compliance tracking, and audit trails within b3Eq's sovereign governance layer.
dB Infinite™	Music production and media business brand since 1985. Technology-driven marketplace and production consultancy. 30+ album projects, 200+ tracks across Nigeria and Mexico. Engineering demo: soundcloud.com/dbinfinite/sets/producer-engineer · www.dbinfinite.com

PROFESSIONAL EXPERIENCE

Foundations Aesthetics Resource / b3Eq / f7en · CEO & Principal Systems Architect · Mexico City / Remote

Mar 1991 – Present

- ▶ Architected b3Eq™ — 12-module sovereign enterprise OS — as sole principal engineer and CEO: PHP/Dolibarr ERP modules, Nuxt 4 frontend, Python microservices, Docker Compose, n8n automation, PostgreSQL/Redis, Keycloak IAM, and Traefik reverse proxy.
- ▶ Authored 5,435+ n8n workflow JSONs spanning multi-agent AI, biSync/Lymphatic sync, ERP integration, document ingestion, domain orchestrators, and DevOps automation across 29+ enterprise categories.
- ▶ Built DolibarrModules-compliant PHP modules: b3eqng Nigerian Accountancy (VAT/CIT/cross-border), HRMS DIMS, Risk Register, global CSS skin + theme toggle, CLI installer — all upgrade-safe installable ZIPs.
- ▶ Delivered HRMS DIMS (105-file monorepo): Nuxt 4 frontend, 6 microservices, Keycloak 24 auth, Drizzle ORM, PostgreSQL 16, Redis, MinIO, Traefik, and Anthropic Claude API AI copilot.

- ▶ Built sync_agent.py v2.0: async Python Dolibarr clone agent with SSH/mysqldump, SSE streaming, SHA-256 file integrity, ECM sync, and branded dashboard UI.
- ▶ Designed Ethos Intelligence™ — responsible AI governance framework aligned with LinkedIn Learning's Foundations of Responsible AI principles; published b3eq-ng-accountancy v1 & v2 to GitHub/Devf7en.
- ▶ Delivered f7en MASTER BUNDLE v19: 334 SME agent HTML pages (29–30 domains), VCF generation, n8n registry, Nexus Commerce Hub, and unified enterprise dark dashboard.

dB Infinite / Foundations QSMS Lab · **Senior Producer & Enterprise Technical Consultant** · *Mexico City Area*

May 1985 – Present

- ▶ Produced and engineered 30+ album projects (200+ tracks) for artists across Nigeria and Mexico spanning gospel, jazz, orchestral, and contemporary genres. Engineering demo: soundcloud.com/dbinfinite/sets/producer-engineer
- ▶ Delivered 30+ client web, database, and application projects from concept to deployment: MF Ventures Group, Swak Energy, KayRhos Enterprise, GeoCorp Systems, GeoFag Engineering, RCCG Mexico, Rejmi Services, Emmadex.
- ▶ Managed technical consulting: server deployment, VPN/firewall, intrusion detection, authentication, data visualisation, and multi-platform integration for SME and enterprise clients.

Telefónica Movistar · **Professional Educator — English Language** · *Mexico City*

Jan 2012 – Feb 2024

- ▶ Delivered advanced in-company English training over 12 years to executives and technical staff using multimedia-enhanced facilitation, assessment frameworks, and executive one-to-one coaching.

ExxonMobil Mexico · **Language Educator Specialist (Advanced)** · *Vallejo, Mexico City*

2003 – Nov 2017

- ▶ Provided Business English facilitation, SME sessions, and executive coaching over 14 consecutive years — one of the longest-running individual in-company training engagements in the organisation.

Comunicaciones Pleyades · **Educator in English Language** · *Mexico City Area*

2012 – 2013

- ▶ Delivered advanced English language education in a professional communications context, supporting operational and corporate client requirements.

Wall Street English · Harmon Hall · Berlitz · ILE International · BP · Corporate Clients · **Corporate Trainer & Learning Systems Consultant** · *Mexico City*

2003 – 2014

- ▶ Delivered executive English training for BP (5 yrs), Costco Mexico, EMC/VCE, Iberoamericana, Nadro, Televisa, Anglo Americano — one-to-one, team, and enterprise group formats.
- ▶ Designed the Direct Training Method™ — structured human capital development and motivation framework that scaled choir from 100 to 450+ participants; contributed methodology improvements to WSI Mexico and Market Leader (Cambridge University Press).
- ▶ Standardised WSI Mexico educational materials to Cambridge CEFR framework as part of the WSI-to-WSE transition project.

Embassy of Nigeria, Mexico · **Computer Systems & IT** · *Mexico City*

Jun 2004 – 2007

- ▶ Administered IT systems, server infrastructure, networking, and technical operations for the Nigerian diplomatic mission.

Union Evangelical Church of Mexico / WLBC, Warri · **Director · Head of Music · Systems Administrator** · Mexico City /

Warri, Nigeria

Jan 1991 – Apr 2003

- ▶ Grew choir from 150 to 500+ members over 10 years as Head of Music — directing live sound, DAW synchronisation, FM synthesis programming (Yamaha DX7), score writing, orchestral arrangements, and stage management.
- ▶ Served on Pastoral Search Committee, Worship & Music Diaconate, and IT governance committee.

Edewor Vegetable Oil Company · **Mechanical Engineer** · Effurun, Nigeria

Jan 1988 – Dec 1990

- ▶ Operated and maintained prime movers, diesel/petrol engines, conveyor systems, pumps, and valves; performed TIG, MIG, MAG welding, fabrication, and metallurgical inspection.

CAREER HIGHLIGHTS

Architecture & Platform Engineering

- ▶ Architected b3Eq™: 12-module sovereign enterprise OS delivered as production platform spanning ERP, AI, PMO, fintech, HRMS, logistics, and knowledge management.
- ▶ Authored 5,435+ n8n workflow JSONs — the largest known personal n8n automation library — covering 29+ enterprise domain categories.
- ▶ Completed Enterprise Architecture Foundations + Enterprise Architecture in Practice (LinkedIn Learning, Jan 2025) — formally adding EA credentials to practice.
- ▶ Built HRMS DIMS: 6-microservice Nuxt 4 monorepo with Keycloak, PostgreSQL, Redis, MinIO, Drizzle ORM, and Anthropic Claude API copilot in 105 files.

Responsible AI & Governance

- ▶ Designed Ethos Intelligence™ — enterprise responsible AI governance framework aligned with Foundations of Responsible AI, Leading Responsible AI in Organizations, and Tech On the Go: Ethics in AI (all completed Jan 2025).
- ▶ Completed Responsible AI learning path including Generative AI foundations, GPT integration, and AI ethics — directly applied to b3Eq AI orchestration governance.

Innovation & IP

- ▶ Conceived and developed 9+ proprietary product concepts: b3Eq™, CareerOS™, Finverse™, TaskBridge™, Velo-Ingest™, Projects™, CongloPoliCon™, Ethos Intelligence™, Enterprise AI Workflow Library™.
- ▶ Published b3eq-ng-accountancy v1 & v2 (PHP/Dolibarr) to GitHub — sovereign Nigerian VAT/CIT/cross-border tax compliance modules. Delivered b3eq-enterprise-civilization-layer v0.5.0.0.

Project Management & Delivery

- ▶ Completed PMI Agile Certified Practitioner (PMI-ACP)® Cert Prep (Jul 2021) and Hybrid Project Management: Combining Agile and Predictive Methods (Jan 2025) — expanding formal PM credentials.
- ▶ Completed 4 Lean Technology Strategy courses: Starting Business Transformation, Moving Fast with Defined Constraints, Running Agile at Scale, and Building High-Performing Teams.
- ▶ Managed 14-year (ExxonMobil) and 12-year (Telefónica) enterprise training programmes; scaled a 500+ member organisational unit using the Direct Training Method™.

Music & Production

- ▶ Produced and engineered 30+ album projects (200+ tracks) across Nigeria and Mexico for 30+ artists including Pius Okogie, DC Envoys, Leon & Tessy Buluku, Silver Ambassador, Juan Sotres, and DaySpring Music Group.
- ▶ Honoured as Best Keyboardist in Delta State, Nigeria — Omega Promotions 1997 — for contribution to national Gospel Music development.
- ▶ Earned certification in Harmony, Counterpoint, Juxtaposition, Negroid Harmony & Barbershop — College of Education, Warri Delta (1989–1990) — formal music theory grounding.

SELECTED PRODUCT CONCEPTS & INTELLECTUAL PROPERTY

Mark / Concept	Description
b3Eq™	Sovereign modular enterprise operating system — 12 integrated domains. Principal engineer and CEO. b3eq.com
CareerOS™	Career Operating System — sovereign professional branding, CV architecture, evidence portfolio, and interview preparation framework.
Finverse™	Multi-entity, multi-currency financial operations ecosystem integrated within b3Eq's finance layer.
TaskBridge™	Bidirectional task sync middleware connecting third-party PM tools with b3Eq PMO; conflict resolution and state propagation.
Velo-Ingest™	Python/Docker REST data ingestion pipeline for velocity-grade enterprise data integration.
Ethos Intelligence™	Enterprise responsible AI governance layer: ethical AI, policy engine, decision audit, and bias monitoring. Aligned with 2025 Responsible AI learning.
CongloPoliCon™	Conglomerate Policy & Contracts: enterprise policy lifecycle, contract governance, and regulatory compliance.
